What is YuCoin?

YuCoin is our currency of wellbeing that you can earn by tracking your daily activity and participating in quests, challenges and competitions that build daily healthy habits.

You can exchange the YuCoin you've earned for amazing vouchers and discounts from brands such as Amazon, Nike and Tesco as well trading it in for the greater good. Keep reading to find out more about the amazing things you can redeem your YuCoin for.

How do I earn YuCoin?

Once you have downloaded the YuLife app, you will get a prompt to sync with Apple Health or Google Fit Services. After you accept that, we can start rewarding you for your daily steps, cycling, mindful minutes or other compatible wellbeing activities that sync to the YuLife app.

Additional ways to earn YuCoin

Step challenges

You can earn YuCoin from your daily steps. There are three main step challenges: short stroll (5 minutes), brisk walk (10 minutes) & long walk (30 minutes).

Mindful minutes

A simple 3-10 minutes of mindfulness from a connected app like Meditopia will boost your wellbeing and your YuCoin.

Workouts

Get your heart racing with a HIIT, strength, pilates or yoga workout, powered by Fiit, Meditopia Yoga and The Body Coach by Joe Wicks. With options from strength classes to chair yoga, there's something for everyone.

Cycling

Earn Yucoin for up to 6 miles of cycling a day.

Yudoku

A puzzle a day keeps the brain fog away. Boost your brainpower and earn YuCoin with our new daily wellbeing challenge!

Mood Monitor

By filling in three simple questions about how you're feeling you will be able to check in with yourself, as well as look back on your moods, weekly or monthly.

Streaks

If you complete a challenge every day for five days in a row, you'll earn bonus YuCoin for completing the streak!

Chests

The more you progress, the more you earn. You unlock a chest for every seven quests completed, which means a large bounty of YuCoin!

Duels

Spark some friendly competition with one of your colleagues. Head to the leaderboard and pick a colleague to duel with, choose the amount of YuCoin you are willing to wager, and the person with the most steps at the end of the 24 hour duel wins.

Earning YuCoin is just half the fun. The other half is what you can do with it!

Our rewards offering is constantly evolving with new options being added regularly, whether you want to treat yourself or someone you love, or donate YuCoin to a good cause.

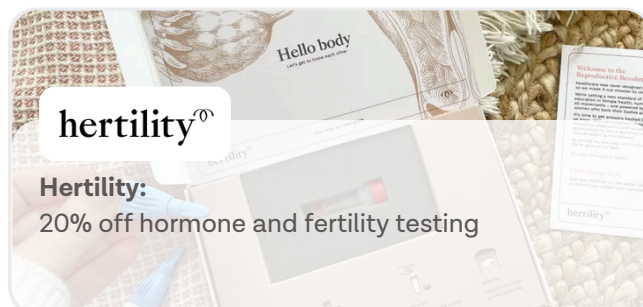

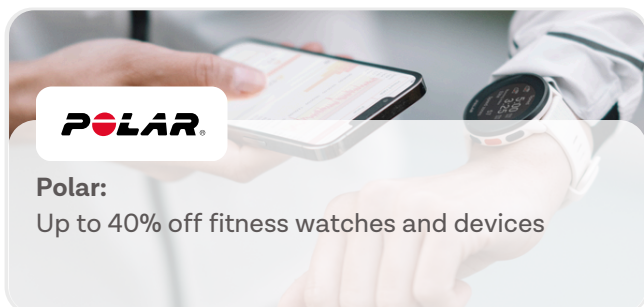

Retail rewards & gift vouchers

You can trade in the YuCoin you've earned from challenges, quests and engaging in the YuLife game for daily necessities like groceries!
